Procurement policy

Social value in covered UK tenders

Instrument reference date: 2027-01-01 · entity applicability not established.

WHAT MATTERS

From 1 January 2027, PPN 026 covers specified central-government procurements of £1m or more, inclusive of VAT; framework and transition rules matter.

WHY IT MATTERS

This can affect bid design and delivery commitments; it need not create a standalone revenue opportunity.

EVIDENCE & UNCERTAINTY

Private utilities and primarily overseas delivery are excluded; transitions and framework/call-off rules require review. French procurements do not inherit this policy.
